Andrea,
I will starting this routing to Bill Murray and Suzanne Bohan.

Joe,
Would you please send me your concurrence via email? This is for a schedule mod that CFAC discussed w/ Mike Cirian, which provides for the Candidate Technologies Memo being prepared after the Final Baseline Risk Assessment. Please let me know if you have any questions in Mike's absence.

Thank you.

Andrew,

Thank you for your quick response and for catching my error. I meant to attach the proposed table which accompanied Roux Associates Inc.'s October 23, 2017 letter to Mr. Cirian. Yes, please proceed with submitting the amendment to your client for signature with the correct table.

Mark,

Thank you for sending the proposed AOC amendment language and the draft table with your email below. We have no comment on the draft amendment language. However, we believe that the table attached to your email was the table from the original 2015 AOC. Attached is our proposed revised table showing the Candidate Technologies Memo being prepared after the Final Baseline Risk Assessment. If EPA finds this table acceptable, I will submit the amendment to my client for signature and we will attached this table to our signed version of the amendment that we will send to you.

Please contact me if you have any questions or would like to discuss.

Best regards,

Andrew

Andrew,

I am following up on your earlier email regarding the RI/FS AOC work plan schedule modification. I have prepared a formal AOC amendment for your review (attached), as required under the 2015 AOC. Please let me know if you have any requested changes. It needs to be signed by your client and lastly by the delegated EPA officials. Please let me know if you have any questions or concerns.

Thank you.
